Bias-Related Crime Prevention Information Policy 2024 05

The New York College of Health Professions is committed to preventing bias-related crimes. The Office of Student Services advises and updates students about bias-related crime prevention through a variety of means, including college publications, on-campus meetings and trainings, online resources, new student orientation programs, and email, as necessary.

Anti-bias crime prevention information includes the nature of and common circumstances related to bias related crimes, applicable laws, ordinances, and regulations on bias related crimes, penalties for commission of bias related crimes, and the availability of counseling and other support systems for victims of bias related crimes
