

TCM Acne Care 1 & 2: Integrative Approach with Acupuncture, Tui Na & Herbs

Enhance Your Abilities: Master New Skills!

This course is designed for acupuncturists and students who want to enhance their knowledge and skills in cosmetic acupuncture and skin treatments for oily facial skin or acne using TCM methods. It provides a comprehensive overview of Western medicine, covering facial anatomy and commonly used clinical practices. The course also covers the Asian medical approach to treating acne. Participants will learn practical techniques such as acupuncture, herbal, and microneedling to effectively treat patients.
